

Vall Llach

PORRERA · PRIORAT

2021 Aigua De Llum De Vall Llach

THE VINEYARD

Enric Costa, co-founder of Celler Vall Llach had a dream: to plant Viognier, a variety that enchanted him, in one of the wildest and most magical parts of Priorat. A man of enviable patience, Enric had to wait a full six years until his single vineyard of Viognier finally bore fruit. The same vines that years earlier had appeared fragile and almost sickly, had finally proven their worth. The entire team at Celler Vall Llach was taken aback, not only by the quality of the grapes once vinified, but also by the unique aromas and flavors that Viognier produces when grown on the rocky hillsides of Priorat.

THE WINE

First released when the winery celebrated its 10-year anniversary, the wine's name Aigua de Llum (meaning "water from light") is an excerpt from the poem written by the famous Catalan poet Miquel Martí i Pol entitled "Solstici". A wine lovingly dedicated to this incredibly intimate and talented poet, Aigua de Llum is produced in extremely limited quantities and only in the vintages the winery deems exceptional.

AGING

Aged in new 300L oak barrels for 4 months, bottled in April of 2022.

TECHNICAL DATA

Abv.....13.5%

Rs..... .2 g/l

Composition: 100% Viognier
