## 2005 IDUS DE VALL LLACH

94  
POINTS

*“The 2005 Idus is composed of 42% Cariñena, 20% Merlot, 15% Garnacha, 13% Cabernet Sauvignon, and 10% Syrah and spent 16 months in seasoned French oak. Dark garnet-colored, it offers up a complex perfume of wood smoke, tobacco, mineral, wild blueberry, black cherry, and black currant. This leads to a full-bodied, opulent, full-flavored wine with lots of extraction, sweet, ripe fruit, well-concealed tannins, and at least 6-8 years of aging potential. This lengthy, gratifying effort should drink well through 2030.”*
