

Vall Llach

2005 VALL LLACH

96
POINTS

“The flagship 2005 Vall-Llach is composed of 65% Cariñena, 15% Syrah, 15% Cabernet Sauvignon, and 5% Merlot aged for 12 months in new French oak. Many of the Carinena vines for this cuvee are pre-phylloxera. Opaque purple-colored, it offers up a splendid aromatic array including pain grille, slate, mushroom, espresso, garrigue, blueberry, and black currant. Opulent, full-bodied, and rich, this pedal to the metal Priorat possesses 8-10 years of aging potential. The winery claims it can be cellared for up to 50 years; that could well prove true although many of us will not be around to find out or our delay of gratification will have long given out.”
