Donnafugata – Italy’s Choice for Wine!

Donnafugata was chosen as the most trendy wine in *Monsieur* magazine, an Italian lifestyle magazine. The survey was conducted among the *Monsieur* readership to determine the brands they most preferred. Keeping company with such international brands as *Montblanc*, *Ermenegildo Zegna*, *Rolex* and *Audi*, Donnafugata secured its place as one of “Our Priceless Jewels” (“I Nostri Inestimabili Gioielli”).

With Donnafugata’s focus on indigenous Sicilian varieties, its promotion of the enjoyment of fine wine, food and art, and its history of environmentally-friendly grape growing and winemaking techniques, it is no wonder that Donnafugata tops the list of preferred wines!

DONNAFUGATA®

ABOUT DONNAFUGATA

Donnafugata grew out of the commitment of the Rallo family to the extraordinary oenological potential of Sicily and its lands. The Rallo family brings more than 150 years of experience in producing premium wines with a special focus on indigenous Sicilian varieties. In addition to preserving local viticultural practices, Donnafugata is a member of the Kyoto Club, farms their vineyards sustainably and uses solar power to reduce their carbon footprint. Donnafugata means “woman in flight” and refers to Queen Maria Carolina who escaped from Napoleon’s invading army in 1798 and took refuge in Sicily where Donnafugata’s vineyards are today.

Imagination, knowledge and over 150 years of family winemaking. The Donnafugata wines are a passionate expression of Sicily.
