

INTRODUCING
the Isabel Mondavi Ice Bag®,
an innovative new way
to chill and serve
Isabel Mondavi Chardonnay.

Made of recyclable PVC, the Isabel Mondavi Ice Bag® is small, easy to carry and outperforms traditional ice buckets in so many ways:

- Chills bottles faster than traditional ice buckets
- Smaller footprint for table service
- Stylish, original design
- Perfect for outdoor entertaining and events

Isabel Mondavi wines are made by Isabel's son, fourth generation winemaker, Rob Mondavi Jr. who crafts elegant wines with a refined, lower alcohol, food-friendly approach. We are committed to aligning our desire for high quality wine production with sustainable vineyard practices, such as:

- Avoid all sprays that are not organic or sustainably certified
- Use only organic composts
- Use only organic fertilizers
- Plant organically certified and sustainably certified cover crops
- Address any infestations by looking to predatory pests to avoid spraying
- Night harvest to preserve acidity and aromatics while decreasing energy usage

90 POINTS

Isabel Mondavi 2009 Chardonnay, Carneros

“A very pleasant Chardonnay that’s lifted above the ordinary by a brisk, dry minerality. Orange, lemon and pear fruit stars, with a suggestion of toast and complicated notes of anise, vanilla and cream.” —STEVE HEIMOFF, WINE ENTHUSIAST
