

# LAURENZ V. GRUNER OR LATER

★ LAURENZ UND ANNA – SUNNY “GRUNER”  
(don't even bother to pronounce Grüner Veltliner)

★ The story of this great grape from Austria is about a great wine growing family – THE MOSERS

★ It started in 1124 in a little village by the Danube and culminated the first time with Prof. Dr. Lorenz Moser III. He single headedly created the modern vineyard management in the 1950's. Wherever you see trellising in vineyards globally, it was the grandfather of present Laurenz Maria Moser V. – The producer of “Sunny”. To complete the story, Laurenz V.'s daughter Anna represents the next generation already ...

★ AUSTRIA, in the heart of Europe, produces 1% of the world's wine, handcrafted and environmentally friendly

★ SUNNY “GRUNER” is the chameleon of wine – whatever you want to pair with works beautifully

★ “SUNNY” is very refreshing marriage of grapes from the Kremstal and Weinviertel – think of the floral perfume of a German Riesling, the refreshing zip of a Loire Sauvignon Blanc and the lusciousness of a Northern Italian Pinot Grigio, all in great harmony .

★ Why we call it “SUNNY”? ... guess you have to try it ...
