

BODEGAS LEDA

Bodegas Leda produces great multiterroir wines from the variety of grape Tempranillo obtained from very old vines. These unique terroirs are from the Duero Valley and specially chosen one by one in order to give life to this project. It has a production limited to 80,000 bottles. Leda wines are expressive and harmonic, wines with roots, which reflect the richness and strength heterogeneity of their origin.

Garcia family, co-owner with Casa Masaveu Wineries & Vineyards of Leda Winery, is responsible for the winemaking process and Eduardo Garcia, the son of the prestigious winemaker Mariano Garcia, is the Technical Director of the winery.

LEDA VIÑAS VIEJAS 2005

Vintage: 2005.

Origin: Castilla y León (Duero Valley)- Spain.

Type of wine: multiterroir (wine assembly of several plots).

Variety: 100% Tempranillo.

Comments: it is made from a selection of Tempranillo grapes from the oldest vineyards of Leda, between 50 and 100 years old, with a yield of 2,500 kg per hectare. It is bottled after spending 36 months in French and American oak.

Tasting note:

In nose is deep and complex with ripe black fruit, mineral substance and elegant balsamic notes. Strong, disciplined and powerful in the mouth offers a touch creamy, firm tannic structure and a great final. It is a wine with a race, concentrated, full of nuances to keep or to drink. It is recommended to decant. It expresses the full potential of old vines from the valley of the Duero.

Ageing capacity: 10 to 15 years

Grade: 15% vol.

Format: 750 ml.

Serving temperature: 16-17 °C
