## Porrera VI DE VILA

Following in the tradition of the Vins du Village in Burgundy, France, the new *Vins de Vila* of Priorat allow the name of the village to be used when naming a wine, as long as 100% of the grapes in the wine were grown within the boundaries of that municipality. Celler Vall Llach created their Porrera Vi de Vila to be a wine of the highest quality and a homage to the people of the village - a village that has embraced the winery and now defines its spirit.

### *What makes the village of Porrera unique?*

**Year of foundation:** 1204

**Number of inhabitants:** 485

**Number of Porrera grape growers who lie within the DOQ Priorat:** 91

**Land under vine:** Of the 2,800ha within the Porrera municipality, 386 are planted with vines (13.8%).

**Rock & soil composition:** Silty & granitized slate, with only a very small top layer of actual soil, typically 5 to 20 cm thick.

**Climate:** Sitting at 19.3 km from the Mediterranean Sea, Porrera's weather is significantly influenced by it, experiencing more humidity and typically more rain (avg. 550mm annually) than other regions of Priorat.

**Altitude:** The village lies at 316m above sea level and its vineyards are planted between 200 and 600m.

### *Introducing Porrera Vi de Vila de Vall Llach...*

A tribute to a village, its townspeople and its indigenous old-vines, the Porrera Vi de Vila is a blend of 70% old-vine Cariñena & 30% old-vine Garnacha. Black currant, balsamic, fresh almond and forest herb aromas lead to fleshy, tasty and expressive flavors with silky tannins and an interminable finish.

The 100% estate-owned fruit for Porrera Vi de Vila is sourced from 4 vineyards:

Vineyard	Vine Age	Elevation	Orientation	Varieties
Sant Antoni	90-100 yrs old	324-387m	SW	Cariñena & Garnacha
Tros of Pasco	70-90 yrs old	450m	SW / S / W	Cariñena
Tros of Sola	60-80 yrs old	375m	SE-S	Cariñena & Garnacha
Ters of Sentiu	75-90 yrs old	500m	SW-S	Cariñena & Garnacha
