

COLORE

ROSSO TOSCANA IGT 2012

94 POINTS

Robert Parker
WINE ADVOCATE

This vintage produced large berry sizes for Sangiovese and is an indicator of elegance and finesse within the context of the house style.

This warm vintage is powerful and rich in its natural state...however, the mouthfeel is objectively thinner and more compact. Colore represents a blend of Sangiovese, Canaiolo, and Colorino in equal parts.

The bouquet is redolent of wild berry, dried cherry, and toasted spice and offers a very attractive mineral note as well.
