

# COLORE

ROSSO TOSCANA IGT 2016

96+ POINTS

This is a statement wine with a lot to say to those careful enough to listen. It's important to be attentive to the details, the small berry fruit aromas that intermingle with nuances of spice, granite stone and pressed blue flower. Pure summer cherry is the dominant aroma on first nose, but it slowly disintegrates as the wine takes on more air to reveal those lighter and more delicate aromas at the back. This vintage offers an ideal dose of structure matched against freshness.

Drink now through 2042.
