**Castilla y León  
/Ribera del Duero**

Alcohol by Volume:  
**12.5%**

Drinking Window:  
**Now-2027**

Certifications :

## Winemaker Notes

The wine is golden yellow with a complex nose displaying fruity notes of pears, white blossoms and a smoky and butter side. The palate exhibits a fine structure, with nice smooth character and a smoky and saline finish, giving the wine excellent length.

## Soil

Clay-limestone sedimentary soils

## Climate

Mediterranean climate, tending to continental, characterized by harsh winters and hot, dry summers with a significant variation between day and night-time temperatures.

## Winemaking

The grapes are picked by hand and placed into crates. Direct pressing in whole bunches, cold static settling, fermentation with native yeasts in stainless steel vat (70%) and demi-muid barrels (30%). No malolactic fermentation. The wine is then aged on its lees for 12 months.

## Food match

Stir fried calamari fish, grilled snapper or grilled chicken and vegetables.

Best enjoyed between 10-12°C.
