## FILLABOA 2021

This wine comes from the historic Fillaboa Estate, from vineyards covering 50 hectares of land that lie on sloping hills adjoining the Tea and Miño Rivers in the south, on the natural border with Portugal. Fillaboa belongs to the Association of Grandes Pagos de España. This coupage includes eight of Fillaboa's best plots, with the highest quality grapes. The sandy-loam soil has many stones and the age of the vines ranges between 18 and 31 years old.

The 2021 vintage was influenced by early budding and high temperatures, followed by cold and rainy weather in April, causing an initial delay in the cycle. The generally fresh temperatures marked the development of the vineyard. Later, during blossoming, the rains with hailstones caused some damage to the vine shoots, which slightly affected some plots. From August onwards the warm weather without high temperatures marked the ripening phase, which was completed with difficulty due to the rains during harvest time. In short, the harvest was fresh and very Atlantic, the yield was average and the quality of the wines good.

Fillaboa 2021 has achieved the desired levels of alcohol and acidity awarding fresh, long and balanced wines with very good structure on the palate.

**VARIETAL** 100% Albariño.

### WINEMAKING

The winemaking method in this winery is focused on potentiating the primary aromas of the Albariño grape together with the singularity of the terroir, resulting in harmonious white wines with good structure. Alcoholic fermentation takes place in stainless steel vats at a controlled temperature of between 57°F and 60°F. Afterwards, the wine rests on fine lees for a minimum period of 6 months.
