

BIBI GRAETZ

2020
**COLORE
ROSSO**

"The subtlety and perfumed nature of this wine is enchanting, offering flowers, orange peel and cherries. Wonderful ripe strawberries, too. Full-bodied, but not over the top, with tannins that are polished and run the length of the wine. It's tight, but gives you every indication of a terrific wine. You want to drink it now, and you probably should do, because it's so alluring. Yet it will age beautifully as well. Drink or hold."
