2019

## CEPPARELLO

TOSCANA IGT

# 95

POINTS

“The weather in 2019 was beautiful, with a hot, even summer with no temperature spikes, continuing into September with high variation between daytime and nighttime temperatures. Fragrant potpourri and medicinal aromas are reminiscent of the 2006, while the textured palate features pure, ripe cherry with some damp earth and even an umami hint of mushroom, cut through by bright acidity. Lively and dimensional, it's still in its youthful phase but should be superb once it's had time to grow into itself.”
