ROERO ARNEIS

“The Bruno Giacosa 2023 Roero Arneis will be a smaller release... This wine remains salty, mineral-driven and bright with citrus and white peach. It is executed in stainless steel only. Perhaps this vintage is a little thinner in terms of mouthfeel, but it draws to a close with lingering acidity. Bruno Giacosa recommends giving it a little oxygen before you drink it. This white wine is always a great value buy.”
