“Citrus pith, white rose, and peony add floral charm to the nose of this wine. Bright acidity elevates the pithy profile while soft almond and wet stone notes linger through the finish. This textbook expression is fresh and vibrant, ideal for immediate enjoyment.”

“A very attractive and typical white Rhone with aromas of white flowers, fresh lemons, white peaches and some fresh garden herbs. Very clean and bright, although it has modest acidity on the medium-bodied palate. Very animating finish that pulls you back for more.”

“**BEST BUY.** This wine presents a captivating nose of fresh orange blossom, white peach, acacia and almonds. The palate is textured with stony minerality that meets a nuanced lemon-saline finish. Its vibrant acidity makes it an ideal match for seafood dishes, especially those with citrus sauces.”
